Our Vision

Children with disabilities have equal opportunity in the society. Schools and Socialisation will be inclusive in the arena of Marvelling Roots.

**"Diversity is being invited to the party;
Inclusion is being asked to dance"**

About us

Identification moving towards intervention and creating champions out of the ordinary in the society full of barriers. Marvelling roots provides care, support and prepare children with disabilities for academic and social life through inclusive kindergarten and early intervention centre.

Our Program

HAND IN HAND

We worked closely with children with disabilities and their parents. Improving their way of life and teaching them the daily living activities for better socialization and bonding between them. Convergence with local village body and government schemes to ensure inclusion.

AIM

Removing Barriers, reducing the negativity and coercive comments and mind set of the people towards disability.

WHY

Children with disabilities have equal opportunity in the society. Schools and Socialization will be inclusive in the arena of Marvelling Roots.
