Newsletter

6th Edition

IN THE CENTER

The center now has 32 Children including Children with and Without Disabilities. As time passes, we have now seen the need and importance of quality inclusive education in society. Our intervention has attracted the hearts of many well-wishers who have insisted we open an inclusive school.

IN THE FEILDS

Training on livelihoods has been conducted, along with natural farming techniques vermi culture has been introduced to the people in the village. A business plan will be made for them to make sure that the enterprises that they have started will be systematic and financially stable.

WITH THE SOCIETY

Awareness program on rights and entitlements. Awareness on sustainable livelihood opportunities and awareness on government schemes and support was given to the people from time to time. They need to be aware so that they can prepare for the future.

Talent and Dedication

It is not pure talent nor it is a hundred percent dedication but it is both. The talent that they have was not left to waste but a true dedication from their parents and guidance has proven that the skills that they have will not be wasted nor it will be left unpolished. Through the intervention at the center, the parents and the guidance have been taught that there can be improvement in the children through the technique of experiential learning techniques.

Livelihood

Training on sustainable and inclusive livelihood is conducted in the society in collaboration with the village executive and government department. Training them on the new, accessible, and sustainable technology so that they can improve their quality of life and have decent earnings.

LEARN TO EARN

VISITORS

Friends from Italy visited the center to witness the intervention and changes we are making at the grassroots level. They have first-hand witnessed the training on sustainable livelihood given to the family of Mr. John Paul a boy with multiple disabilities. Later they donated to us medicine and clothes so we could distribute those to the families in the villages.

Learn to Run

Ms. Kerlinda War traveled to Pune to attend a 2 days workshop organized by KNOCK India on how to run an Organisation. coming back she truly believed that she could make further changes in the organization to work for the vulnerable people in the society. The workshop has taught her how to raise funds using the strength of the community and to also connect with different people to strengthen the organisation further.

FIELD INTERVENTION

Meetings with our Primary Stakeholders at the border of Bangladesh, At the same time awareness was being raised to the people, on disability issues and their entitlements and rights. An assessment camp will be organized again in Sohra Town where those without their disability certificate can visit the center and be certified to attain their rights and entitlements.

Kids Play!!

As part of the early childhood development programs, the team has created a session at a home base level where the mother will make homemade toys with their child. In the activities, young teens were involved in volunteering to make toys and Innovative material. The toys are used to support the development of young children in terms of gross and fine motor skills, cognition skills, and social skills.

Our Supporter

NOHKALIKAI
DORBAR

We hope this Newsletter finds you well. We are reaching out to you today to kindly request your support through a donation for our cause. As an organization dedicated to working for children and persons with disabilities in society and to promoting inclusion through inclusive programs, we rely on the generosity of individuals like you to continue making a positive impact in the lives of those we serve.

Your contribution, no matter the amount, can make a significant difference in removing barriers and promoting inclusion in a society where everybody has the right to learn and earn. Whether it's providing essential resources, funding critical research, or supporting our ongoing programs, your donation will directly contribute to our efforts and help us achieve our goals.

We understand that there are numerous deserving causes vying for your support, but we genuinely believe in the importance of what we do and the positive change we can create together. We invite you to join us on this journey and be part of something meaningful.

To donate, please do so to the provided bank account or contact us directly at marvellingroots@gmail.com/Ph No. 9863096696/8119009731 if you have any questions or need further assistance. We deeply appreciate your consideration and support.

Thank you for your generosity, and may your kindness inspire others to make a difference too.

Warm regards,

Banraplang Pyngrope
Secretary
